

A Game of Thrones v2 UK Team Championship 2018

Welcome to the A Game of Thrones UK Team Championships! The UKTC will be an annually run team tournament for A Game of Thrones Fantasy Flight Games. The UKTC is an event for a group of players (three to be specific) enabling you to compete as a team rather than on your own. This event is suitable for every kind of AGoT player: from groups of like-minded friends to battle hardened close-knit practice groups.

When and Where

- The UKTC is a team event with each team comprised of three players.
- The tournament will require each player to bring 1 deck. Across a team, no player may use the same Main House and agenda
- The tournament is scheduled for 5 rounds (it will stop when we have one undefeated team). Each round will be 65 minutes, this includes 10 minutes for individual pairings and deployment.

Round Pairings

The Team Championship will employ an interesting and challenging method for determining the pairings of players within opposing teams for each round.

- Teams will be paired off against each other randomly in the first round and use the “Swiss Chess” system from the 2nd round onwards
- A team will never be matched against the same team twice

The captains from each team will work together to determine the individual pairings of the players within their teams using the following method:

- Teams will show house and agenda cards
- Teams Captains toss a coin. The winner of the coin toss decides who will pick the first pairings. Team A will pick the first pairing, Team B will pick the second pairing.
- Team A captain nominates his/her first player and picks a player from Team B to be their opponent.
- Team B captain then nominates his/her second player and picks a player from Team A to be their opponent.
- The remaining players will make the last pairing.

Round Timing

- Each round will go for 65 minutes from the time the pairings are announced.
- Round pairings & deployment should take a maximum of 10 minutes.
- Each game will be 55 minutes.

Tournament Scoring

- The team that gains 2 or more victories from the 3 games in a round is declared the winner and receives one 5 tournament points. The losing team receives 0 points.
- Each team's strength of schedule will be calculated and will be used as the 1st tie-breaker
